Beaches Everyone Needs To Visit

Once summer finally arrives there is nothing better than spending it on an amazing beach. Do you want to explore some of the best beaches in the world, tasting tropical drinks, experiencing beautiful sandy beaches and enjoying word class reports? Well here is a list of some of the best beach islands and resorts that you will certainly need your [flip flops](#) and [bikinis](#) for:

Goa - There is so much to see here, maybe to much! With so many gorgeous beaches is very had to choose a place to start. Goa is a synonym of beaches; it is famous for its white sandy beaches, private beaches, romantic beaches, limitless shore line beaches and many more.

Barbados - Of course very well known as it has been used in a number of films because of its beautiful blue water and beaches that stretch for miles. A perfect place for a beach holiday as you guaranteed great weather and warm hospitality. Many surf competitions happen here from the likes of [Roxy](#).

Dubai - The most famous beach in Dubai is the Jumeirah, and rightly so as this is a beach everyone should try and experience once in there lifetime. This beach is separate from the hotels and clubs in the area and is very big with the famous Jumeirah Beach Hotel at its centre.

Costa Rica - The best beaches of Costa Rica and its inclusive resorts have always drawn millions of travellers and tourists each year. The stunning coats line that runs along the Pacific and Caribbean is really something and is true paradise.

Boston - Has a number of lovely beaches and main ones to check out are Revere Beach and Carson Beach in South Boston. Of course Boston is waterfront city however this does mean to go to a beach where you can swim you have to go out of town.
