Top 5 Places To See On The Isle Of Wight

Going to the Isle of Wight is a special deal for everyone including families, couples or even those on their anniversary or honeymoon. The scenery is lovely, and there is plenty of history to absorb, and lots to remember on the [Isle of Wight](#). The five items on the following list are activities and places to visit whilst on this great place.

1. The Isle of Wight steam railway is known world wide and is quite famous. Manned entirely by volunteers, the railway is a must see attraction for everyone of all ages. It is not surprising, because you can experience a true blue steam locomotive and rich railway cafe. Taking a ride on this railway is a classic way to experience the beauty of the Isle of Wight.
2. Ryde Castle is an excellent place to visit with its interesting architecture, said to have been originally commissioned by Henry VIII. The Castle's original purpose was to defend Spithead and other areas from attack or invasion by the Spanish.
3. Another great place to visit is Dinosaur Isle. In the world of Paleontology, this museum is one of the best known throughout the world. Paleontologists love to come here, but it also has mass appeal to people of all ages and interests. Officially the museum opened in 2001, and makes claim to being the first of its type anywhere in the UK.
4. If it is relaxation that you are seeking, then try Shanklin Chine on the east side of the island. Many tranquil moments are guaranteed in this special place on the island. Look out for the rare varieties of vegetation and wildlife, and enjoy the constant flow of water over the waterfall.
5. The island is known for the speedway team, which attracts crowds from the island and the mainland as well. Some brilliant action is seen every year, by thousands of race enthusiasts.

If you want to find out more about the different events on the [IOW](#), including the [Isle of Wight Festival](#) and other activities, contact Wightlink on 0871 376 1000.
