# UK Flights To Australia

Australia is a large country that occupies the entire continent of Australasia. It is in the southern hemisphere, characterised the mainland and other islands such as Tasmania. Australia is extremely popular with UK tourists, because the people speak English and generally eat westernised food. Australia has many national symbols, the Kangaroo and the Koala. The culture is similar to that in the UK and there is the benefit of warm weather and lots of beaches. Many students [travel](#) to Australia as part of their backpacking holidays and trek across the great land. It is popular with people who love beaches and seas but although those who want a relaxing, fun holiday in the sun. Australians are known to be lively and fun people.

There are lots of [flights](#) to Australia from the major UK airports although flights are never very cheap because the country is a long journey. Airlines that fly to Australia include Air Canada, British Airways, Cathay Pacific, EVA Air, Japan Airlines, Korean Air, Qantas, Singapore Airlines, Thai Airlines, Virgin, Emirates and more. Because of the length of the flight, quite often there will be a quick stopover for refuelling. There are no problems entering Australia with a valid UK passport although their customs are known for being strict and you need to be careful not to take any food or flora with you or it will be confiscated.

Australia is a very big country, and the weather varies greatly. Most parts of the central Australia are desert; in fact 40% of the land area is covered by the sand dunes. The coastal regions have cooler weather' even though they are still warm, the summer months are quite hot with 30 degrees Celsius, and the winter's months are mild. The temperature in Sydney can even reach forty degrees Celsius; so remember to carry sunscreen; Australians greatly believe in sun protection, because of the amount of sunshine that they have.

It is a large country so you can [travel](#) to other locations depending upon where you wish to visit. You can trip to South Australia where you will find plenty of lush verdure and beaches. Adelaide is a most important city, and Kangaroo Island is near to it, where you can find kangaroos, and float with dolphins and get a chance to spot the sea lions.

Australia's another major city is Victoria; where you come across the popular winemakers and stopover Yarra Valley, where the grapes are grown. Queensland has major cities like Brisbane and the Gold Coast, which has the famed Great Barrier Reef and Coral Sea, which is great for swimming or sunbathing on beach.

The Northern territory has many natural wonders such as the National Parks Kakadu and Uluru-Kata Tjuta where you can see kangaroos, crocodiles, wallabies and unusual fauna. The town of Alice Springs is also nearby. Finally the West of Australia where Perth resides has many ancient land forms and is a great place to get acquainted with aboriginal culture.
